ITEM DESCRIPTION: WVR-35710 - APPLICANT/OWNER: MONTECITO

PARTNERS, LLC

# \*\* CONDITIONS \*\*

## **STAFF RECOMMENDATION:** APPROVAL, subject to:

## **Planning and Development**

- 1. Conformance to the conditions for Site Development Plan Review (SDR-13684).
- 2. This approval shall be void one year from the date of final approval, unless a business license has been issued to conduct the activity, if required, or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

### \*\* STAFF REPORT \*\*

### PROJECT DESCRIPTION

This is a request for a Waiver to a allow a 394 cubic-foot utility box to be setback zero feet from the public right-of-way with no landscaping where three feet of landscaping is required at 6605 Grand Montecito Parkway. The utility box was not built according to the approved plan, which indicates a three-foot landscape buffer separating the utility box from the public right-of-way. The utility box is not located within an existing public easement and does not interfere with Site Visibility Restriction Zones; therefore, staff recommends approval of this request. If this application is denied, the existing Utility box will have to be redesigned or relocated to comply with Title 19.12 landscaping standards.

#### **ISSUES**

• The existing development fails to meet the minimum requirements listed in Title 19.12.040(E)(2) for the proposed use.

| To allow a Utility box in excess of 27 cubic feet to be setback zero feet from the public right-of-way with no landscaping where three feet of landscaping is required | A minimum of three<br>feet of landscaping<br>between the utility<br>box and the sidewalk | Approval             |  |

### **ANALYSIS**

This is a request for a Waiver of Title 19.12.040(E)(2) to a allow a 394 cubic-foot utility box to be setback zero feet from the public right-of-way with no landscaping where three feet of landscaping is required at 6605 Grand Montecito Parkway. Town Center Development standards do not cover landscaping requirements for utility boxes, therefore Title 19.12.040(E)(2) development standards apply. A Nevada Power plan was approved and a building permit was issued for "Montecito Point" on November 19, 2007 for the utility box in question. The approved plan indicates a three-foot landscape buffer separating the utility box from the public right-of-way; however the utility box was not built according to the approved plan. The utility box is not located within an existing public easement and does not interfere with Site Visibility Restriction Zones; therefore, staff recommends approval of this request.

#### **FINDINGS**

The proposed use can be conducted in a harmonious manner with the adjacent uses. In addition, the Utility box is not located within an existing public easement and does not interfere with Site Visibility Restriction Zones; therefore, staff is recommending approval.
